

Kathryn Smith, Office Manager and Secretary

I was born in Norwich and completed a DipHE: Adult Nursing at the University of East Anglia. I worked as a Staff Nurse at the Norfolk & Norwich Hospital and started working at the St Giles Clinic in November 2008.

My role is varied, incorporating dealing with clients and visitors. I am responsible for the day to day running of the clinic and I provide secretarial and administrative support to the psychologists and therapists. I liaise with Solicitors and statutory services to arrange appointments for medico-legal assessments.

My interests are yoga, crafts and all things baking!!
